Message: Reiki Energy Healing Can Help You Feel Better.

**Too many pills?
And still too much pain?**

Pain-control medications not controlling your pain?
Diet and exercise not solving your pain problems?
Could your body heal itself if it just had more energy?

Add Reiki energy healing to your wellness routine!

When you need more energy and less pain, turn to Reiki to give your body and mind the strength to heal themselves. This no-touch energy healing will reduce your pain and stress to leave you relaxed and reinvigorated.

A full healing session takes just 30 minutes and your first session is only \$10.

Call Erik LaBelle, Reiki Master & Instructor, at 312-504-7693 to schedule a session near Halsted & 35th.
